MEMORANDUM FOR: The Inspector General

SUBJECT : Comments on NPIC Replies

1. Overall the NPIC/DDI replies to the recommendations of the IG Survey of the NPIC are disappointing and lead me to question seriously whether the NPIC management really has the vision, drive and aggressiveness which are needed to cope successfully with the dynamic developments in its particular area. My feeling of disappointment is caused by the tone of hurt in which many of the replies are written and the wishy-washy quality of the majority of the NPIC comments. The replies also stand as additional testimony for the continuing DDI shortcomings in discharging its supervisory and management responsibilities for NPIC.

2. My specific comments on the NPIC replies are keyed to the numbering of the recommendations.
